Central Bedfordshire Council's Chairman's Charitable Fund	
Summary	Small grants of up to £250 are available for community groups in Central Bedfordshire (the southern half). The website states: <i>We no longer publish our deadlines for receiving completed bids under any of the funds we operate as this has always created a very uneven workflow for us in the past, with the majority of bids coming in at the last moment. Our panel meets four times a year, in March, June, September and December, and so it will not take any more than three months for you to receive a decision. You will need to make sure your bid is with us a minimum of three months before you need the funds for which you are applying – particularly if the bid is for a one-off event with a specific date in mind.</i>

London Borough of Newham Go For It Grants	
Criteria	Newham residents are eligible for a Go For It Grant. However, they must be running their project with at least two other residents of the borough, who accept shared responsibility for the project's operation and its financial management. A formally constituted voluntary group will have adopted a constitution that sets out aims and objectives, and outlines how the group will be democratically run by a committee as a non-profit-making organisation.
Summary	<p>Go For It Grants are available to groups of residents and voluntary organisations working in Newham for a broad range of project activities. Projects must be not-for-profit, and for the direct benefit of Newham residents. Grants are available in two bands: £500 or less and £501 up to £1000. This programme provides small grants to help local people and groups deliver projects and activities for their local communities. It is at the core of the neighbourhood renewal community participation work stream, and capitalises on the excitement of hosting the Olympic Games and Paralympic Games and the motivation they provide to achieve. Applications may be made at any time.</p> <p>For further information on how to obtain this funding opportunity locally, please telephone 020-3373 7511 or email <a href="mailto:goforit@newham.gov.uk">goforit@newham.gov.uk</a></p>

### Pro-Active North London Coaching Bursary Scheme

#### Summary

Pro-Active North London would like to support new or existing coaches who are eager to enhance and share their skills, knowledge and abilities to help inspire and lead a new generation into regular sport and physical activity.

The North London Coaching Bursary Scheme (NLCBS) has been operating in north London for over two years, providing coaches with the opportunity to undertake a Level 1 or Level 2 coaching qualification. Financial bursaries have been made available to those coaches who successfully complete their course and deliver voluntary coaching hours within north London community clubs or sports organisations. The NLCBS contributes to increasing the number of qualified and active coaches in north London who help to sustain and increase participation in sport and physical activity for north London residents.

The bursary operates by refunding applicants the cost of their coaching qualification (up to a maximum of £250 for a Level 1 or £400 for a Level 2) after candidates have completed all of the following:

- successfully completed and passed their coaching qualification
- once qualified, delivered a minimum of 10 voluntary coaching hours within a north London-based club/organisation to a minimum of 12 new participants aged 14–25
- have returned all participation monitoring data to Pro-Active North London.

Once all the above have been achieved, bursary payments will be paid to the applicant via their identified north London-based club/organisation where their voluntary hours have been delivered.

### West Devon Borough Council – Sports Grant Scheme

Criteria	<p>Support is given only to clubs/organisations rather than individuals. Organisations applying must be not for private profit making. To be considered for grant aid, the group/club/organisation must be located within the borough administrative area. A financial need must be demonstrated. Sports grants are also available to youth groups, play organisations and community groups who plan to use the money to support informal sporting activity, physical activity or active play. The sports grant criteria will be used to assess the eligibility of these applications, with each being assessed on its own merits.</p>
Summary	<p>West Devon Borough Council is committed to developing wide-ranging sport and physical activity programmes. The following criteria are desirable elements for a successful application for grant aid. The council allocates a small sum of money each year to be given in grants to organisations undertaking projects that are of benefit to people within the borough.</p> <p>Generally, the grants support projects that aim to:</p> <ul style="list-style-type: none"> <li>• improve the quality, range and impact of sport and physical activity</li> <li>• increase access and encourage people to take part.</li> </ul> <p>The maximum grant available is £700, or one third of the total project cost (whichever is the smallest amount). These grants should be seen as the ‘port of last call’, with other funding options, such as Awards for All, being fully investigated prior to application to West Devon Borough Council.</p> <p>The Sports Development Officer will assess the applications and make recommendations. Details of each application are then circulated to all West Devon Borough Councillors for a final decision.</p> <p>Grants, if offered, will be subject to the following conditions:</p> <ul style="list-style-type: none"> <li>• The West Devon Borough Council logo (available on request) is included on publicity material together with an acknowledgment ‘supported by West Devon Borough Council’ wherever possible.</li> <li>• At the conclusion of the project, the following information will be supplied:             <ul style="list-style-type: none"> <li>– a financial summary of all actual project expenditure supported by copies of invoices/receipts</li> <li>– basic information on the outcomes of the project</li> <li>– copies of any publicity material, press cuttings if available, photographs or any other documentation of the project.</li> </ul> </li> <li>• The information above must be returned within two months of the completion of the project.</li> <li>• Further specific conditions may be attached to an offer if it is felt necessary.</li> </ul> <p>The following will need to be submitted with an application:</p> <ul style="list-style-type: none"> <li>• the aims and objectives of the organisation applying, or a copy of its governing document</li> <li>• a copy of the offer letter for any grant offered from elsewhere.</li> </ul> <p>Telephone the Sports Development Officer on 01822-813 628 to discuss an application further.</p>

# FUNDING FOR 'OUTSIDE THE SQUARE' TRAINING

**SkillsActive, the sector skills council for sport, active leisure and learning, is inviting industry employees to apply for its annually awarded SkillsActive and Nancy Ovens Bursary.**

The Bursary provides paid and un-paid individuals working within the sports and active leisure sector with up to £2,000 to improve their skills through an innovative training programme – one which is often considered outside the scope of regular training.

Suki Kalirai, interim CEO of SkillsActive, says: "SkillsActive is committed to improving the skills of individuals working in our sector and we understand that some of the best learning opportunities take place outside the classroom – and sometimes, outside of the UK.

Stephanie,  
centre

*"The Nancy Ovens bursary is a fantastic opportunity for people to access financial support for unconventional training that will help them in their current or future roles in the sector. I'm excited to see what this year's applicants have planned."*

Applicants are expected to create their own training experience, allowing them to develop new and improved skills, which they can then implement and use within their current or future roles in the sector.

Sport Scotland shotgun coach Iain MacGregor, 58, used his £600 bursary in 2011 to work on his trap shooting technique with his idol, former GB coach Marcello Dradi, in Italy.

Iain, whose clients include elite athletes vying for spots at the Commonwealth Games, says: "Marcello gave me the confidence to work more closely with my students on smaller details that could affect the outcome of their trap shooting, such as moving somebody's feet a micron, or bringing their gun back in their shoulder.

*"My learners are now benefitting from my time with Marcello and, if I keep improving my skills and helping elite athletes, hopefully I'll be using his advice to train athletes as GB coach at the next Olympic Games!"*

For keen rower and PHD student Natalie Campbell, a £600 grant from Nancy Ovens helped forge a working relationship with the US rowing team. Natalie used her fund to pay

for a two week trip to America last May to help with an online talent drive to find new members for US Rowing team's adaptive rowing corps.

*"After the two weeks were over I was invited to stay for a six-week training course to bring suitable candidates up to speed; an incredible honour. Three of the athletes chosen made it to the World Championships.*

*"My work finding them and then with their training led to me being invited to travel with US Rowing to the World Championships. I'm now going back to America in March to help the Paralympic team train and will hopefully be working with Team US when they come to England in the summer for the 2012 Games.*

*"I can't believe what an incredible opportunity this has turned out to be for me, and it's all thanks to the Nancy Ovens Bursary."*

The Bursary is named after the late Nancy Ovens who was a former board member of SkillsActive's predecessor organisation SPRITO and championed the development of work-based skills in the sector.

## SKILLSACTIVE'S TOP TIPS FOR BID-WRITING:

- If you haven't got all the expertise in-house, partner up with other organisations. Joint and consortium bids are often looked upon very favourably.
- Always ask an independent person to read through your bid before you submit, as often bid writers don't see typos, which can cost you assessment marks.
- Be very careful if you are cutting and pasting information into bids – always re-read to make sure it has been pasted into the correct section and makes sense.
