

SWVA Newsletter March 2022 Issue 367

Hi << Test First Name >>,

Not really a newsletter, more of an update on the SWVA web site and online services.

The SWVA uses a number of on line services to run the business of the association, the main SWVA.org.uk web site is a WordPress web site that has been ON & OFF line during the last week. It appears that we have a malware problem, a bit of code has been loaded on our site somewhere. When activated (within 24 hours), it overwrites our main htaccess folder with a bit of code that states "Deny Access to all", it then proceeds to delete all files during the next 24 hour period.

Our web team are working on it, we do have several web sites that are exactly the same as the SWVA site but this is the only one affected. We have been reloading the site from our back up but it also appears that we are also reloading the malware code as well, which obviously is not helping to solve the problem. While we work on this, please use the following SWVA links for bookings and league results.

SWVA Ticket Tailor Booking & Purchases (JuVoTo & Junior Training)

<https://www.tickettailor.com/events/southwestvolleyballassociation>

SWVA League Results

<http://swva.volleyballmatches.co.uk/>

and please email your scoresheets direct to Rachel

For SW Champs info, all teams will be contacted direct.

PS: If you are familiar with this WordPress issue, please let me know.

Regards
Dave Reece
